## CRITTENDEN COUNTY POST G. A. R.

The Blue and the Gray to Meet at Piney Cemetery Monday May 30th., Decoration Day.

The regular annual meeting of Grand Army post No. 31 will take place at Piney cemetery on Monday May 30th. Especially are the Confederate veterans invited as their dead are to be remembered as our own. At best the noble remnant of the blue and gray have but a limited time to meet and shake hands over the differences of the past and as the ranks of those escaping the ravages of war are being thinned more rapidly than ever we feel a desire to meet as often as possible. We fought a great fight and now united under the proudest and most highly honored flag in the known world we feel to want to make the most of the few years a merciful God has been good enough to leave us.

Come out on this day. Don't let anything but sickness or death keep you from it. A great time is promised. Plenty of music, plenty to eat and the privilege of assisting in the beautiful custom of once a year decorating the graves of the heroes of the Blue and the Gray.

J. W. WALKER, Post Commander.  
CHASTAIN V. HAYNES, Lieut. Col. "K."

## NEW RAIL ROAD FOR MARION.

The Survey Has Been Completed to Commodore Mines Eight Miles From Town.

With all that has been said and done it is a certainty that Louisville capitalists will soon build a railroad through Crittenden county. The surveyors have been at work now for several weeks and at last they have completed the task as far as ordered. The survey accepted extends to the Commodore mines, eight miles from Marion. Those in a position to know claim the road will be extended either to the Ohio river, or pushed through to Paducah.

The railroad movement has been quietly worked and but few really know the intentions of the promoters. Col. Jno. W. Wilson seems to be taking a deep interest in the movement, but gives out very meagerly anything more than it will be built to the Commodore.

But this is sufficient grounds for the prediction, that if it is built to the great rich Commodore mines, that it will be extended further. So mote it be. It is a good thing.

Mr. R. M. Wilborn who is at work at Ashland City, Tenn., spent the first of the week with his family in this city.

Rev. J. S. Henry left Monday for Baltimore, M. D., as a delegate to the Southern Baptist convention. Before returning he will attend the Worlds Sabbath School convention at Washington D. C. Rev. Leman Winstead, of Lisman accompanied him as a delegate for Little Bethel church.

Mr. A. Gugenheim, of Evansville, is the guest of his son, Mr. Sam Gugenheim.

## FIRE AT MARION MATTOON, FREDONIA

But For Timely Discovery Our Business City Would Have Been In Ashes To-day.

On last Saturday morning at a little after five o'clock the fearful cry of fire rang out over town and in a short time it was found that the handsome Jenkins block was on fire, but discovered in the nick of time, was put out with but a few hundred dollars damage.

The fire originated in the Y. M. C. A. rooms on the third floor and had been burning perhaps for several hours and the fact that there was no ventilation or circulation of air to fan the flames is responsible today for this nice block and all the other business houses not being in ashes. The fire started on the floor at the door opening into the Y. M. C. A. rooms, burning the door completely out with all its frame and transome and a big hole through the floor over McConnell's barber shop. As there are no electric wires where the fire started and with a clean floor and walls, with no rubbish or combustible stuff around it makes it hard to account for the cause of its origin. Had the fire not been discovered just as the door had fallen to mercy of the flames the main portion of Marion would now be again in ashes.

Senator Maxwell and Jno. W. Wilson with a number of determined fire fighters in some way got on to the roof as if by magic and with axes soon cut through the roof to meet the flames with water which was used freely until every spark was known to be extinguished. In this building is the Record-Press office on first and second floors, the Marion Bank, Dave Moore, Hanners shop, McConnell's Barber Shop, Dr. Nunn's Dental parlors, Judge J. B. Kevil, and Judge A. C. Moore's offices, Y. M. C. A. rooms, Yates Bros. Music rooms, Yates pressing club room, Ladies Physical Culture Club and Miss Mary Cameron's telegraph office for the Postal.

Two of the leading stores of Fredonia are in ashes and a heavy loss has been sustained.

The fire broke out in Patterson's Dry Goods Store and quickly reduced it to ashes spreading to Lloyd's Dry Goods Store, which speedily became a smoking ruin.

The origin of the fire is unknown and the loss is very heavy.

The big stock and implement barn of Mrs. Alex Woody, of near Mattoon, is in ashes this morning, the work of an incendiary. Mrs. Woody had no insurance and her loss is about \$1,400. It contained all of her corn and hay and farm machinery and implements. It was set on fire about one o'clock.

James Shannan and Thos. Roscoe two capitalists of Birmingham, Alabama have been here this week looking after mineral. They were well pleased and the probability is they will invest with us.

Mr. Forest Harris, one of the most prominent business men of Tolu, was in Marion Tuesday.

E. F. Sullenger, of Sheridan, one of the most prominent stock buyers in the county, was in Marion Monday.

## MARION BANK HOLDS ANNUAL MEETING

Declare Usual Dividend--Retained Same Officers, Raising Salary of Cashier and Assistant

At a meeting of the Stockholders and Directors of the Marion Bank last week declaring the usual dividend, the Institution that is now in its 23rd year, was found to be in the most prosperous condition in its history. This speaks volumes for its cashier and officers. Mr. T. J. Yandal the present cashier is now entering on his 19 year in this capacity and the fact that his salary was raised, but shows in what esteem he is held by the officials. An appreciation of the able assistance of Mr. D. Woods was also shown by a raise in his salary, and in this busy, business world this is the best mark of value and esteem in which men are held by Masters of finance.

Our banks represent our people and if our banks are prosperous, so are our people. The prosperous condition of the banks of Crittenden county today is due the fact that the farmers are enjoying the most prosperous era in the history of the county, and so they will continue to prosper if they try to conduct their finances as do the well managed banks of our county.

The members of the Chautauqua Circle and a few special guests were present. Some musical numbers were rendered by Mesdames Tucker and Walker and were thoroughly enjoyed.

Dainty refreshments were served and Mrs. Blue proved a royal entertainer.

A., having professed religion fifty-seven years ago.

## LAMBERT--WALKER A PROGRESSIVE FIRM

Newly Organized Hardware Firm  
Forging to the Front by Big Increase in Business.

The great demand for modern farming implements and a complete assortment of hardware and builders' materials, interested a number of progressive citizens and new hardware firm, known as the Worsham-Walker Hardware Company, was incorporated some three years ago. The hardware stock of Alves & Hickman was purchased and the new firm began business September 1, 1906. A few months later the firm removed into the double two-story building it now occupies on First street. The firm was incorporated at \$24,000, with Henry P. Barret, I. B. Walker, and A. J. Worsham as incorporators.

On October 1, 1907, Mr. Worsham disposed of his interest to James L. Lambert, Jr. and the firm name was changed to the Lambert-Walker Hardware Company, with Henry P. Barret president; I. B. Walker, vice-president, and James L. Lambert, Jr., secretary and treasurer.

The new firm increased its business from the very beginning, and in January, 1908 entered the wholesale business. It has about twenty-five agents in this section of the state. Marion Grisham, of Union county, is the firm's traveling salesman. He is one of the best known implement and hardware men in the state and has, by square and honest business methods, built up a fine wholesale business for his firm. He is well and favorably known down the I. C. and L. & N. railroads, and every business trip he takes a large bunch of orders always follows. Mr. Grisham has been in the implement business all his life and knows the business from the ground up.

The firm is one of the most progressive in the city of Henderson. In this issue of the Gleaner will be found a half page advertisement, which is evidence that the firm appreciates the trade from firms along the route of the "Booster Special," and desires a continuation of business by displaying many of its wares. Every member of the firm is a young man with new, progressive and up to date ideas. The firm never allows an opportunity to pass to tell their many patrons of the many patrons of the many articles it has for sale.—Henderson Gleaner.

Editorial—Marion Grisham, for so long with one of the leading grocery, hardware and implement houses of Morganfield has shown, so well his knowledge of business that he makes friends and trade where ever he goes and his progressive firm are sure to receive orders from

whatever territory he may be sent. We know Marion well and to say that he is one of the most popular men on the road is paying him a meager compliment.

A SIMPLE QUESTION

MARION PEOPLE ARE REQUESTED TO HONESTLY ANSWER THIS

Is not the word of a representative citizen of Marion more convincing than the doubtful utterances of people living everywhere else in the Union? Read this:

Thomas L. Hilliard, Railroad Street, Marion, Ky., says:—

"Doan's Kidney Pills came to my relief after I had suffered a great deal and had spent much money for medicine without receiving any benefit. Two years ago I was taken with an attack of typhoid fever and upon recovering, found that my kidneys were badly disordered. The pain in my back were so severe that frequently I had to leave my work and lie down for several hours. There was a constant desire to pass the kidney secretions and on this account I was obliged to rise several times during the night. The kidney secretions were also highly colored and the passages were attended with pain. A relative, hearing about my condition, advised me to give Doan's Kidney Pills a trial and I procured a supply at Haynes & Taylor's Drug Store. They cured me in less than two months. For over two years I have had no return of my old complaint and am bound to look upon my cure as a permanent one."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Galena, Kans.—"A year ago last March I fell, and a few days after there was soreness in my right side. In a short time a bunch came and it bothered me so much at night I could not sleep. It kept growing larger and by fall it was as large as a hen's egg. I could not go to bed without a hot water bottle applied to that side. I had one of the best doctors in Kansas and he told my husband that I would have to be operated on as it was something like a tumor caused by a rupture. I wrote to you for advice and you told me not to get discouraged but to take Lydia E. Pinkham's Vegetable Compound. I did take it and soon the lump in my side broke and passed away."—Mrs. R. R. Huey, 713 Mineral Ave., Galena, Kans.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

The Crittenden Record-Press

N. E. CALMES Editor and Publisher.

Entered as second-class matter February 9th  
1907 at the postoffice at Marion, Kentucky, under  
Act of Congress of March 3, 1879.

One Dollar the Year in Advance.

The Record-Press desires to  
thank the clever gentleman  
composing the Lola Band, for  
coming to our aid Wednesday in  
entertaining the Boosters. They  
were instrumental in making the  
day one of pleasure and enjoy-  
ment and long to be remembered.

City Marshall Cannan has a  
big force at work putting down  
wide concrete crossings at the  
crossing on Main street at the  
Marion Bank corner and at corner  
of Masonic Temple or Taylor  
and Cannan. They are going to  
be beautiful. The work is in  
the hands of Lee Vick who is  
master of art.

### A CLEVER GENTLEMAN,

On last Saturday evening we  
received, express prepaid, five  
dozen beautiful carnations from  
the clever florist, Mr. Jno. E.  
Rackebandt, of Princeton, to be  
presented to the M. E. church  
with his compliments. We de-  
sire to say the gift was very  
much appreciated and enjoyed.  
Also we want to say that we can  
see no excuse for sending to Ev-  
ansville for flowers when we  
have such a thoughtful and lib-  
eral florist so near us.

That the failure of I. V. Run-  
yan at Henshaw is the greatest  
blow Union county ever had,  
there is but little doubt. The  
recent big fires at Morganfield,  
the most disastrous in all its  
history, prove insignificant in  
comparison because the loss fell  
mostly on masters of finance and  
the insurance companies. But  
in the Runyan assignment, the  
loss falls on and in many in-  
stances, breaks up and renders  
almost penniless a number of  
people besides weakening the  
confidence of the banks and

money-lenders in those who  
were honestly trying to shake  
off the coils of poverty and  
drive the wolf from their doors.  
Not only has it closed the doors  
of the Henshaw bank making  
an exile from home of its (to my  
belief) honest cashier, T. C.  
Bingham, but swallowed up the  
savings of young farmers, who  
had struggled from poverty to  
recognized men of ability and  
integrity, that, having his con-  
fidence, trusted him with their  
money rather than the banks.

Having commenced work with  
Mr. Runyan when he started on  
\$750.00 borrowed capital from  
his father-in-law, William Bell  
Henshaw, for which the town  
was named, and continuing with  
him until he was known to be  
worth above fifty thousand dol-  
lars and knowing well every  
man and woman named in his  
list of liabilities we feel compe-  
tent to fully take in the situa-  
tion. Mr. Runyan started his  
little store at Henshaw before he  
was old enough to vote and yet  
a father and too with little en-  
couragement from anyone. But  
with a determination to make  
himself recognized by the  
world as a success by honest  
methods, whether from policy,  
we cannot say, won a name as  
the best business man in the  
county. After my leaving him,  
he kept rising rapidly, so rapidly  
that I was agreeably surprised  
one day by looking through Dun  
and Bradstreet to find him rated  
at a quarter of a million dollars.  
At this juncture even his  
enemies were anxious to pay  
him honor and his name was  
good for nearly any amount and  
many of the men and women,  
perhaps he has ruined, were  
glad to lend him their savings.  
His failure is at best a depora-  
ble affair. If he has dealt hon-  
estly with his creditors it is bad  
enough and if not it is worse  
than robbery. Many of the men  
he has hurt most were his friend,  
great, big hearted, honest men  
who will sell even below the  
meager allowance of the law to  
save their good name. Will he?  
If he does, with his grit he will

come again. If he does not he  
should not be countenanced and  
retribution will overtake him at  
last.

Such cases do more to hurt  
confidence in banks of the peo-  
ple in honest need of help than  
anything else.

### BETTER THAN A CURE.

It is well to cure a cold, but better  
to prevent it. As soon as you feel a  
cold coming on, take one or two  
"Lane's Pleasant Quinine Tablets."  
You will not have a cold and the  
Tablets will leave you feeling better  
than ever. They cure grip in a few  
hours. 25 cents a box at druggists  
and dealers.

### NOTICE TO STOCKHOLDER OF WAREHOUSE RECEIPTS

continuing until the business is  
settled, I will at the Association  
factory at Marion, Ky., make a

outstanding 25 per cent. of the  
warehouse receipts issued at  
this place on the 1908 crop of to-  
bacco. You must bring your re-  
ceipts so that payment can be  
indorsed.

Those who have lost ware-  
house receipts must come pre-  
pared to fill bond that paper is  
actually lost and will not at some  
future time be presented for  
payment. R. F. WHEELER.

### OBITUARY

On May the 6th 1910 at 6  
o'clock, p. m. it was the will of  
our heavenly Father to take the  
spirit of a loved mother and  
grandmother, Mrs. Mary A.  
Stewart, from its tabernacle of  
Clay, to its eternal home in the  
heavens. Her departure was  
beautiful all preparation had  
been made. For more than a  
half of century she had been a  
believer in Jesus Christ as her  
saviour, and He who assures us  
that He has gone to prepare a  
place for us during these  
years had been preparing her  
for that place. Had she lived  
to the 25 day of Dec., she would  
have been four score and four

years old.

The large Presbyterian church  
on Main street, where she held  
her membership was filled with  
people Sunday afternoon to show  
sympathy to her 6 children and  
to her grandchildren.

A. Holland Ford and Companion Found Unconscious In Wrecked Car at Glasgow.

Glasgow, Ky., May 16.—Two unconscious men were found in the wrecked car of a dirigible balloon which landed late today near Center. Metcalf county, thirty miles from here. One of the men is believed to be A. Holland Forbes and on a card bearing this name found in the man's pocket was the instruct- ions "In case of accident notify New York Time."

The two men were taken to the home of a farmer and a physician was called. Forbes re- gained consciousness and told in a dazed fashion of having start- ed out from some point in Con- necticut in an attempt to reach New York city.

The second man had not re- gained consciousness and the phisician attending them said both were in bad condition.

## THE STEMMING DISTRICT ASSOCIATION.

Embraces the Counties of Henderson Hopkins, Webster, Union and Crittenden.

The tobacco growers of Henderson county, suffering under the extortions of the rapacious Tobacco Trusts, got together in January, 1905, and pooled about one million pounds of tobacco.

The Trust, for two or three years preceding 1905, had arbitrarily fixed the price at 3 cents a pound, and virtually confiscated several crops.

In 1905 the Trust refused to buy the pooled tobacco, but, incited thereto by fear of the co-operating farmers, paid non-pooling farmers about 5 cents a pound for the 1904 crop.

The co-operating farmers prized the pooled tobacco and shipped the same to several commission merchants in Liverpool, England. After tedious delays the last hoghead of that tobacco was sold and netted the pooling farmers an average of 5 1-2 cents.

Commission and brokerage charges on that 600 hoghead, say, was \$8.00 per hoghead. It may be well enough to mention just here that the pooling farmers were advanced 60 cents on the dollar by local bankers. They waited about two years for the remainder of their money.

Notwithstanding the hardships and delays of the first pool the plucky farmers resolutely persisted in their efforts to co-operate, and the spirit of co-operation spread to other counties. And in June, 1906, the

### STEMMING DISTRICT ASSOCIATION WAS FORMED

And ten million pounds of tobacco was pooled that year by the growers of Henderson, Webster, Union with some little tobacco from Hopkins county.

Crittenden county first pooled with the Association in 1907.

#### RESULTS

Since the formation of the Association the pooling has run like this:

In 1906, ten million pounds.  
In 1907, 18 million pounds.  
In 1908, 32 million pounds.  
In 1909, 22 million pounds.  
Grand total, 82,000,000 pounds.  
Every pound of this grand total of eighty-two million pounds of tobacco, save only one factory containing 600,000 pounds at Morgantown, and a few odds and ends of low grade stuff, has been sold. And the factory at Morgantown is virtually sold.

#### RECAPITULATION

The Association has sold four crops amounting to eighty-two million pounds of tobacco.

This tobacco has averaged net to members 7 1-4 cents per pound, after paying all expenses of administration. Members have therefore realized \$5,945,000 net.

Had the farmers remained unorganized buyers would have taken these eighty-two million pounds at 3 cents, or say, \$2,460,000.

The Association has therefore saved to the co-operating farmers of the five counties on four crops, \$3,585,000.

Not only so, but the unorganized farmers in the five counties have, by reason of the Association, realized the advance on, say, 30,000,000 pounds of tobacco in the four years. Let's see: 30,000,000 pounds at 7 1-4 cents equals \$2,500,000, which the buyers, but for the Association, would have taken at 3 cents, or a total of \$1,500,000. Hence the saving to unorganized farmers has been \$1,500,000.

Saving to members, \$3,485,000  
Total savings to \$4,985,000.

The Association then constrained the buyers to pay to the tobacco growers of the five

counties, on four crops, in round numbers, five millions of dollars more than the buyers would have paid to disorganized farmers.

When the Association shall have distributed \$500,000 on warehouse receipts in this month of May, 1910, and shall have paid, say, within the next sixty or ninety days, the dividend on the 1909 crop—the total then distributed to members through the Association will amount to a grand total of \$5,945,000.

Were all the tobacco growers of the counties members of the Association, more money could be realized for tobacco and the expenses would be less.

Ten cents per pound could be realized for tobacco in the five counties if only all the growers were members of the Association.

#### DIED FROM SWALLOWING BUR

Miss Lucy Kate Wallace, of Sullivan died May 3rd, from having swallowed a cockle-bur. She was a beautiful intelligent young lady in her eighteenth year, the daughter of Jno. Wallace, one of the most highly respected farmers of Union county.

Some four months ago Miss Lucy bit a bur off her glove and while attempting to blow it from her lips in drawing a long breath to do so, swallowed it and from that time, with all that the physicians could do she gradually succumbed to its effects. Deceased was a niece of our popular Jailor, Will Wallace. The interment took place at Rock Springs Wednesday May 4.

## THE BOOSTERS HAVE COME AND GONE

Their Three Hours Stop Here Was Made One of Much Pleasure to Entertainers as well as Visitors.

Last Wednesday, set apart as "Booster Day" was heralded with joy by the great number of our citizens and especially those who were taking an active part in preparations for their reception, and the day, save perhaps the registering of the thermometer a few degrees too low, was an ideal one. Knowing our friends were coming, we did not want to fail in a proper reception for them, nor did we. The town early Wednesday morning was tastefully decorated, every merchant on every street taking an active interest. The court house and yard, thanks to the good management and taste of Dave Fohs, were beautifully decorated with flags and bunting, with the proud old American flag waving the visitors a welcome as they were lead from the depot by Huhleins Military band directed by Senator P. S. Maxwell. Several hundred behind and about the middle of the procession, the Marion and Lola bands were marching, leading the remainder of the throng that had gathered to meet them. The stop was made at the court house where a number of speeches were made and listened to with much pleasure. As the announcement was made that supper would be a little late, the Booster band in a happy mood, struck up "What the Hell do we care" and all went joyfully on until a long blast from the whistle warned them to the train.

We were glad to have our friends with us and the best part of it is they are glad they came. Following is a report of the visit from the Henderson Journal:

(By Cumberland Booster Phone) Marion, Ky., May 5.—The Henderson Boosters were simply overwhelmed at Marion with an enthusiasm that was nothing short of an ovation.

The entire population met the Booster train upon its arrival Wednesday afternoon at 5 o'clock, with colors flying and banners waving.

With Marion band in the lead making stirring music, the lengthy procession marched to the court house, where addresses were made.

Huhlien's military band entertained the crowd with splendid music.

Nearly all the business houses were decorated and the glad hand extended by the Marion people made the Henderson Boosters feel at home.

Former Mayor J. W. Blue, in his happy vein, introduced May-

## Two Good Papers for \$3.50

The Crittenden Record Press and Henderson Daily Journal for \$3.50 and a chance to win one of the many attractive prizes offered by the Journal.

Each subscription to both papers entitles you to 3,500 votes in the great contest for the \$1,250.00 Automobile. This machine is a beauty. In fact one of the handsomest models we ever saw and there is no reason why some one in Crittenden county should not have it. The Editor of the Record Press won a trip to Europe for Miss Ida Dyer last year and feels he can win this splendid Automobile for some young lady or gentleman in Crittenden county.

The Henderson Journal is a live, newsy paper, getting here every morning in time for the rural free deliveries. It publishes all the "Tobacco Tidings" and gives the very latest market reports besides several columns of news every day from Marion and Crittenden county.

As the two papers are well worth the money, back up some one from our county with your subscription. You need not subscribe but for one year to win it, or the fine piano or some one of the many other prizes.

The regular price of the Henderson Journal is \$3.00 and we have cut the price of our paper in half, that we may be instrumental in winning this auto for some one. By taking advantage of this combination you will get what no other daily paper gives you, the news from Crittenden every day.

or C. E. Weldon, who extended an eloquent welcome to the Boosters. He said that the Marion people believe in boosting. "We love our city and county and we love Kentucky and Kentuckians and therefore we are glad to turn over to you the key of the city," concluded Mayor Weldon.

"I wish I had words to fully state our appreciation of this welcome," said Mayor W. I. Thompson in response to the welcome address. "We had expected great things here, but this is greater even than our most sanguine expectations. Western Kentucky is now on the eve of an era of great prosperity in the building of the dams at Henderson and other points. Let us meet that era with our hats in our hands and when we look around we hope to see Marion as our running mate. Marion has shown us real hospitality and we Boosters certainly appreciate it."

Hon. J. W. Blue introduced Judge J. W. Henson as one of Marion's excellent products. Judge Henson paid a very high tribute to the city and its people. He said that he was glad to see this magnificent demonstration and that "we are here for the purpose of cultivating closer friendship between the two cities." He also spoke of Western Kentucky's great mineral and agricultural resources and

concluded by saying, that you, Marion people don't need to bring any letter of introduction when you come to Henderson."

Principal Alfred Livingston, of the Henderson High School, was next heard from. He spoke highly of Charles Evans, who had built up the schools here, and then told also of the educational advantages Henderson had to offer in the Barret Manual Training School and other schools. He urged the getting together and the upbuilding of Western Kentucky.

The Rev. Charles Lewis Biggs made a happy talk to the audience. He said that this was his "first offense," and that "we had many good things in Henderson and we want to pass them on. We are missionaries and we are fishing with smiles for bait."

Leigh Harris, of the Henderson Journal, was introduced as the man who wants to give away an automobile. He made a brief along Booster lines, stating that he had been converted from an Illinois Sucker to a Kentucky Colonel, and that it was the new convert that made the most fuss.

City prosecuting Attorney S. O. Heilbronner made a boosting talk, stating that the aim of the Boosters was to establish friendly relations in order that Western Kentucky might be boosted. These speakers were all so in-

glingly introduced by Hon. John W. Blue, who added his words of welcome to the happy occasion. At 6:30 o'clock the Henderson Boosters were served with an elegant and substantial supper, to which the Boosters did full and appreciative justice.

The banquet was served in the opera house block by the ladies of Marion.

The reception committee was composed of Mayor C. E. Weldon, Hon. W. A. Blackburn, Hon. John W. Blue and Editor N. E. Calmes.

**Frail Women**

So many women are dragging out  
weary lives just because their diges-  
tive organs are weak. The result is  
poor circulation, nervousness and the  
verge of invalidism. It is often very  
unnecessary and the woman's own  
fault.  
The first thing to do is to look to the  
welfare of your bowels. There the trou-  
ble usually lies. All physicians know  
that a large percentage of women are  
habitually constipated, and from this re-  
sult indigestion, piles, weariness, etc.,  
that women constantly complain of.  
But there is no use taking "female re-  
medies" and things of that kind until you  
have started your bowels to moving.  
You will find that when the bowels move  
regularly once or twice a day all your  
petty ills will disappear. Take a good,  
mild laxative tonic like Dr. Caldwell's  
Syrup Pepsin for awhile and you will  
find yourself rapidly getting better and  
stronger, your bowels will regulate them-  
selves and work at stated times, and  
then your headaches and dizziness will  
disappear. Don't take strong cathartic  
pills or salts, but just such a mild and  
pleasant-tasting remedy as Dr. Caldwell's  
Syrup Pepsin.  
You can obtain a bottle of your drug-  
gist for fifty cents or one dollar, and  
either size may be enough to perma-  
nently cure you. Thousands of women  
keep it regularly in the house and will  
no longer be without it, as it cured them  
and can be used with safety by every  
member of the family, down to the  
youngest child, but if you have never  
used it take the advice of Mrs. Earl S.  
Cox, 409 Twenty-fifth street, Moline, Ill.,  
and Mrs. Ellen Dugan, Muncie, Ind., and  
send to Dr. Caldwell for a free trial bot-  
tle, as they did, and learn for yourself  
what it will do in your own case. That  
it will cure you, as it did them, there  
is no doubt.  
Dr. Caldwell personally will be pleased  
to give you any medical advice you may  
desire for yourself or family pertaining to  
the stomach, liver or bowels absolutely  
free of charge. Explain your case in a  
letter and he will reply to you in detail.  
For the free sample simply send your  
name and address on a postal card or  
otherwise. For either request the doctor's  
address is Dr. W. B. Caldwell, R.500 Cald-  
well building, Monticello, Ill.

## LETTER FROM MARION F. POGUE.

This Letter Was Delayed From Hav-  
ing Been Lost. We Publish to  
Show Good Faith.

Frances, Ky., 4-3-10.  
Dear Press:—Nobody but  
the Governor or Secretary of  
State knows the exact text of  
the bills passed by the last ses-  
sion, as many of them were  
more or less amended from the  
original draft; but I have ran-  
sacked my memory and below  
give you the substance of such  
bills as relate to the general pub-  
lic.

All "good roads" legisla-  
tion were killed before they came  
before the House. Good roads  
will come sooner or later; but  
the change must come gradu-  
ally. The people will not stand  
for any more radical legislation.  
The school Law of last session is  
the straw that broke the camel's  
back, and when the people find  
that they cannot be trusted to  
attend to their affairs, they will  
rebel at the polls and repudiate  
those who would take the last  
vestige of home rule from the  
land. Cannon has been de-  
throned at Washington; we have  
but two more years of Gov. Will-  
son at Frankfort, and it is to be  
sincerely hoped that we shall  
never have to submit to another  
set of Senate Rules like the ones  
in force in the Kentucky Senate  
this session. We surely have  
something to feel thankful for.  
Our troubles do seem sometimes  
to all come at once. Kentucky  
has passed through many severe  
trials, but with the present oc-  
cupant of the Gubernatorial Chair  
we were never before in such an  
uncertain, halting, vacillating  
condition as regards the affairs  
of the Commonwealth.

Dr. Ben Bruner who was  
elected Secretary of State on the  
ticket with Gov. Wilson, voiced  
the sentiment of a large ma-  
jority of Kentuckians when he  
recently penned these lines in  
speaking of the chief:

"Let us hope that the sovereign  
people of this Commonwealth  
will elect to this high office a  
man who is in sympathy with  
the pulse beat of his people and  
one who will consider himself  
the servant and not the Master  
of the people, and one who will  
acknowledge the dignity of his  
high position by his acts and not  
by words. To the four winds  
with the hypocritical cry of dig-  
nity! Who is the Governor of  
the Commonwealth of a great  
State, but the servant of its peo-  
ple, that his whims and fancies  
should be listened to rather than  
the cry and the need of the dis-  
tressed and unfortunate.

We indict the Governor here  
with at least having violated the  
spirit, if not the letter, of his  
oath of office in that he has al-  
lowed his jealousy and preju-  
dice to govern him in the prosti-  
tution of the veto power against  
the best interests of the sover-  
eign people of this State."

The above stinging rebuke  
was administered because the  
Governor vetoed the Banking  
Bill referred to in my last  
week's letter.

There was practically no school  
legislation enacted. Giving sepa-  
rate elections for school trust-  
tees and appropriating \$12,000  
to the Colored Normal School at  
Frankfort is all.

The House Bill which we pass-  
ed through that body by prac-  
tically unanimous vote was held  
up by the Rules Committee of  
the Senate. We carried our  
fight over to the Senate, and  
after securing the signature of a  
large majority of the Senators to  
a request that the Bill be put on  
its passage, the Committee on  
rules declined to allow the Sena-  
tors to lend a helping hand to  
the country schools. But the  
responsibility must rest on those

who would spurn the demands  
the rural districts. And these  
small districts, nearly a thou-  
sand in number, must be patient  
till a Senate can be elected  
which will hear their appeals.

It was indeed a sore disap-  
pointment to those of us who  
had given so much time and  
trouble to frame a bill to meet  
the demands of the country  
schools. I must name some of  
those noble friends of education,  
who labored with me in this ef-  
fort—Forest Porter, of Webster,  
Jno. C. Pirtle, of Hardin; L. C.  
Litsrell, of Owen, Farris Rob-  
erts, of Clay and Prof. Jones,  
superintendent of Franklin  
Schools. Never was there a  
more unselfish, patriotic set of  
men, devoted to duty and believ-  
ing in fair treatment to every  
child in the Commonwealth  
whether he dwells in the stately  
palace or mountain home. While  
the taxpayer and patron did not  
get the reform desired, they  
should congratulate themselves,  
that they, through the vigilance  
of their representatives, were  
able to destroy bills proposed  
that were ten times more im-  
practical than those under which  
are now operating. The great  
tendency now in both State and  
Nation is toward centralization  
of power, and this proposed  
school legislation was the limit.  
It only comprehended the county  
Superintendent but a figure  
head. All the power would  
have been in Frankfort; your  
privilege would have been to pay  
your taxes, sit up and take your  
medicine.

**SOME LAWS**  
Warehouse receipts are now  
negotiable and transferrable.  
It is legal now to pool crops  
before they are grown.

The names of poolers of crops  
must be recorded by the county  
clerk, also a brief description of  
the crop and the premises on  
which it is grown.

October 12th hereafter will be  
a legal holiday in memory of  
Christopher Columbus.

All decisions of the Court of  
Appeals must be published and  
furnished at cost.

\$10,000 was appropriated to  
provide a home for Incurables.

\$30,000 was appropriated to  
enlarge the scope of usefulness  
of the State Board of Health  
that tuberculosis, typhoid fever,  
diphtheria, etc., may be stamped  
out.

The Frankfort prison will be  
turned into a Reformatory for  
the confinement of prisoners un-

## HER NEW SUIT

"The only time I really wish I were a man," said the girl who likes to talk. "Is when I have to order my new spring suit! All a man has to do is drop in at his tailor's, run through a few samples, say 'I'll take that,' and saunter out."

"It's different with a girl. Way back in the winter she begins to worry about that suit. The color bothers her. She decides on blue and everybody shrieks in horror 'Blue! Why, you had a blue suit last year!'"

"Her brother begins to tell of the handsome suit he saw on a girl downtown made of black and white checks. He says she looked perfectly stunning, and you should have seen her eyes."

"Then her sister vetoes the check because one gets so tired of anything pronounced. A gray would be good."

"Then your best friend comes in with a sample of lavender homespun and you long for lavender, though you know down in the bottom of your heart that it isn't practical, and you'd have to buy a million lavender accessories to go with it, and anyhow, if you did get it your chum would be madder than a hatter."

"When you really go to the tailor's you are in a very low frame of mind and the world looks dark. The tailor is very glad, indeed, to see you, and as for samples—ah! when once you see his sample books you will lose yourself in wonder and amazement, because, really, there never were such samples as he has this spring! You begin to cheer up while he opens the books. There are several hundred samples and surely among all of them—"

"But hold! Isn't there anything but gray and blue samples in the world? Have they forgotten how to make any other color? He assures you positively that nothing will be worn this spring but gray and blue. Instantly you decide that you wouldn't have a suit of either if it were given you, and at the same moment you know what you want. You want a light tan and you say so."

"Artfully the tailor shows you more gray and blue till you rise in wrath and shriek for tan. Then he admits that maybe you are benighted enough to desire tan, and reluctantly gets out some. For some mysterious reason a tailor always balks at whatever color you choose. He invariably wants you to have something else."

"After you've decided on an English worsted you remember that Alice had a worsted and it wore shiny. That cuts out worsted. The homespun look heavy and the basket weaves look pulky. By this time you have a tearing headache and go home with your handbag full of samples and your heart full of bitterness."

"On the way you meet Genevieve, and when you tell her where you have been she says, 'My dear! Whatever you do, don't go to that tailor! Why, he simply ruined my sister-in-law's suit! And tan will get so soiled!'"

"Your family likewise elevates its eyebrows in pity when you murmur that tan is your choice. Each member infers that of course if you have taken leave of your senses it is sad but can't be helped, and each will conceal your affliction from the world as long as possible. As for a basket weave—horrors! Don't you know it will sag and pull and look horrid before you've had it a week? Mercy on us!"

"When you retire for the night you cry yourself to sleep and wish you could wear a potato sack and let it go at that. You don't care if you never have a suit."

"The next day when you wearily say maybe you'd better get gray, because it doesn't matter how you look anyhow if everybody else is satisfied, your mother asks reproachfully if you've forgotten the expensive tan panama hat she bought you on your earnest solicitation last year? Don't you intend to wear it again this season, and how, pray tell, can you wear it with a gray suit? Have you no consideration at all for your family?"

"Well, you finally order a tan suit, feeling terribly reckless as you do so. There is some trouble over the fact that your idea of a longish coat conflicts with the current mode. The tailor nearly has apoplexy because he says every coat this spring is short and jaunty, and the fact that jauntiness does not appeal to you as an ideal state makes no impression on him."

"After a battle you win the length of coat you want, but you also win the tailor's sniffling disapproval. After several thousand fittings and flights over pockets or no pockets, lapped seams or plain seams, cloth buttons or bone buttons, long skirt or short skirt, your suit is finished and sent home, but you are too sick of the sight of it to open the box, and when you attire yourself in it you somehow do not have that gay and blithesome cheeriness which should attend a brand-new outfit."

"Still, you look pretty well. A little bird is beginning to sing somewhere down in your heart as you start out, and you observe that the sky is actually blue—when around the corner you run into a girl who always has hated you."

"Oh," she says. "How well your season-before-last suit looks, all pressed and brushed up! You'd never know it wasn't—what? You don't mean to say it is new? Why, how stupid of me, but I never dreamed of such a thing!"

"That's what a girl goes through when she gets a new suit!"

Kuttawa, Ky. May 9, 1910.

Dear Brother Miller:—I have intended writing you every day since the Kuttawa Baptist church decided to have you preach the dedication sermon here on the 5th Sunday in this month, to ask you to make our house your home while here on that occasion. I have however, just delayed from day to day.

Mrs. Stone is anxious indeed to have you, and you know how it would rejoice my heart for you to spend the time with us. Whatever may come of your trip over here at that time I am responsible for it. When they decided on the time to dedicate the building, they commenced to cast about for a preacher, I told them that it was altogether fitting and proper that they should invite you, as the house was built while you were pastor and largely through your efforts. The suggestion was accepted, and they decided by unanimous vote to ask you to deliver the sermon. I subscribed the first money to build it and you managed the enterprise. You have been called away, and now I go in a short time, but we have the consolation of knowing we have done what or at least have done a little for the masters cause here. May God bless, keep and prosper you and yours.

Fraternally,

W. J. STONE

P. S. Of course sister Miller is included in our invitation and you must be sure to bring her.

### HERE AND THERE

(RAMBLING IN SOCIETY)

Yes, Mr. Editor we have been in society having a swell time, "sure." But there is different kinds of society of course. The one "Rambling" was in church society. And if you had good spiritual eyes you could see the devil moving around all through the crowd giving orders to his "lieutenants," for he wants to attract peoples attention, and the thing to do is to get all the good church going people looking at each other instead of the Spiritual good of the sermon.

"For man looketh on the outward appearance, but God looketh on the heart." So he takes the preacher aside and says: "Now you are a preacher and to be popular you must wear a long frock coat all buttoned up in front, then you must have a suit case filled with tracts and printed sermons." In fact you must keep in fine style, then act a little queer not just like other people you see his majesty wants the ministers to look odd from other people in dress and action, then he will attract more attention than his sermons, and don't forget your salary. This was not Pauls way for he followed the words of Christ to his disciples "Provide neither gold, nor silver, nor brass in your purses, nor scrip for your journey, neither two coats for the workman is worthy of his hire."

And I want you sisters when you go to church to be a little late and walk in just as the preacher gets through with his three minutes prayer, don't forget to attract attention. One of those "cart wheel" hats shows off well, and will have the effect of getting the "word" and spiritual truth out of the peoples hearts.

We are not criticising nor trying to find fault. For "God is a spirit, and they that worship him must worship him in spirit and truth."
